

College Name	Lloyd Institute of Engineering and Technology, Greater Noida, UP, India
Coordinator/SPOC Name	Prof Dr. Manish Saraswat
Number of students who attended workshop	85
Timing of Workshop	10AM to 4PM
Date of Workshop	22 December 2021

Event started at sharp 10AM in seminar Hall of this college. Prof Dr. Manish Saraswat (Professor and Head) was the coordinator of this workshop. We discussed about the Drone Technology which can be used in upcoming Future, their demand and their advantages. After this part we explained to the students about the electric components of the drone and the latest inventions in the field of drone stabilization. Then we had a simulation where the students got to get a hands-on experience of flying a drone. We also had a physical drone available, and students got to see how it flies and how it is controlled. Finally, we had a quiz around the topics we discussed about Drones.

Finally, during the closing ceremony of the Workshop, Director Engineering of the college shared some inspirational words with the students.

It was a wonderful experience for the students and they learnt a lot from this workshop.
